

CONSCIOUS PAPER

FOR NATURE. BY NATURE.

At Conscious Paper, we offer premium sustainability gifts made from eco-friendly materials like 100% tree-free paper, cork cloth, and kora khaadi cotton. Our papers are made using eco-ethical ingredients like animal waste, textile waste and agricultural waste. Cork is a renewable resource that can be harvested without harming the cork oak tree it comes from, while kora khaadi is made from hand-spun and hand-woven cotton, which has a lower environmental impact compared to mass-produced textiles.

Our products are designed to help reduce waste and promote a more sustainable lifestyle, without sacrificing quality or style. Join us in our mission to make the world a better place, one conscious choice at a time.

Palak Shah Setunga, also known as Polly, is the founder of Conscious Paper and a passionate traveler who thrives on exploring new cultures, cuisines, and connecting with people. Before embarking on her entrepreneurial journey, Polly spent 12 years as an investment banker with JPMorgan Chase Bank in India and Hong Kong. Her banking career equipped Polly with a strong foundation in financial analysis and strategic decision-making. However, her innate curiosity and love for travel led her to pursue a new path in life.

Combining her passion for adventure with her desire to make a positive impact, Polly established Conscious Paper, a sustainable stationery business. Through her creative designs, she promotes eco-conscious practices and contributes to the global shift towards sustainability.

Polly invites individuals to embrace unconventional solutions for a greener future. Through Conscious Paper, she encourages people to appreciate the harmony between nature, creativity, and the transformative power of waste—a testament to the potential of unexpected materials in building a sustainable world from trash to treasure.
